

TEMPORARY BRIDGING LOAN PROGRAMME (TBLP)

Frequently Asked Questions

1. *What is the objective of the TBLP? What are the key scheme parameters?*

The TBLP was introduced to help the enterprises access working capital.

As announced in the Solidarity Budget on 6 Apr 2020, the Government will enhance the TBLP further with 90% risk share. The enhancement will apply to new applications initiated from 8 April 2020 until 31 March 2021. For applications that are pending approval from PFIs, enterprises are advised to speak to their PFIs on their eligibility.

As announced on 12 Oct 2020, TBLP will be extended from 1 Apr 2021 to 30 Sep 2021. Under this extension, the Government's risk-share on the loan will be lowered to 70% with the maximum loan quantum lowered to S\$3 million. This is to calibrate the support for businesses as the economy gradually recovers.

As announced on 5 Jul 2021, TBLP will be further extended for 6 months, from 1 Oct 2021 to 31 Mar 2022, under the same parameters.

2. *Can enterprises take out another loan under the extended programme if they had previously taken a TBLP loan or other EFS loans?*

Yes, enterprises that had previously taken a TBLP loan, can still apply for a new loan under the extended programme, provided its total exposure to the programme is capped at the maximum amount of S\$3 million

Enterprises can apply for a TBLP loan on top of other EFS loans it has already taken out.

All eligible enterprises applying for the TBLP are subject to assessment by PFIs.

Enterprises which require further support may approach Enterprise Singapore at (65) 6898 1800 or enquiry@enterprisesg.gov.sg for assistance.

6. Since Enterprise Singapore provides 70%/90% risk share on the loan, does it mean that the borrower/guarantors are only responsible for the remaining percentage of the loan?

No. The borrower and guarantors are responsible to repay 100% of the loan amount. When defaults occur, PFIs are obligated to follow their standard commercial recovery procedure, including the realisation of security, before they can make a claim against Enterprise Singapore for the unrecovered amount in proportion to risk-share.

7. Why do banks require a 100% Personal Guarantee (PG) when the government covers 70% of the loan amount?

A PG is not only a means of security but signals a commitment by the guarantor(s) that they are committed to the loan obligation.

8. How can enterprises obtain moratorium on their loans?

Enterprises facing cash flow difficulties should actively engage their lenders to understand the relief options available to them.

9. How will MAS' announced credit relief measures apply for my TBLP loan?

If you are an existing borrower with a TBLP loan, you will automatically qualify for MAS' announced credit relief measures. If you are in a JSS Tier 1 or Tier 2 sector; you will be able to apply for the extended relief until 30 Sep 2021.
