1. The “SG Clean” Campaign was launched on 16 Feb 2020 as part of a nationwide engagement effort to rally the public and various sectors to commit to uphold good sanitation and hygiene practices. By adopting and showcasing the rigorous measures that have been undertaken, SG Clean will help to reduce public health risks from the current COVID-19 situation and bolster public confidence in local businesses.
2. As part of this effort, Enterprise Singapore (“ESG”) is leading the programme adoption for Shopping Malls, Food & Beverage (“F&B”) and Retail establishments. The approach involves promotion and awareness-building, engagement of establishments for adoption, as well as conduct of on-site assessments based on sector-specific frameworks to ascertain fulfilment of programme requirements.
3. As such, ESG has launched this CFC to invite interested companies/consortiums to support the SG Clean programme as an Assessment Organisation (“AO”) to perform the functions of engaging, advising and assessing Shopping Malls, F&B and Retail establishments locally. The appointed AOs will need to coordinate with ESG on the administration and implementation of the programme.
4. This CFC requires interested organisations to submit proposal(s) as part of their indication of interests to participate in the programme. Each proposal will be reviewed based on the criteria of competency and availability of capacity to perform the role as an AO.
