

**Call for Proposals for Joint R&D and Innovation Projects  
Between Singapore and Shenzhen Companies**  
新加坡和深圳两地公司联合研发与创新项目建议书征集

## Call Timeline

<b>Call Opens</b>	<b>8 May 2023</b>
<b>Preliminary Assessment Deadline</b>	<b>16 June 2023, 2359 hrs (SGT)</b> Full submission via Business Grants Portal (BGP) by 30 June 2023, 2359 hrs (SGT)

Enterprise Singapore (“EnterpriseSG”) and the Science, Technology and Innovation Commission of Shenzhen Municipality (“SZTIC”) have announced the call for proposals for joint R&D and innovation projects between Singapore and Shenzhen, under the ambit of Singapore-China (Shenzhen) Smart City Initiative. This joint call aims to facilitate deeper cross-border collaboration between Singapore and Shenzhen enterprises on science, technology and innovation, and assist enterprises in their overseas ventures through co-development with foreign partners.

Interested companies from Singapore and Shenzhen are invited to submit their joint project proposals in the research and development of innovative products and applications with a strong market potential.

## 1. Project Scope

The call for proposals is open to all technological and application areas, such as:

- Smart Cities
- Digital Economy
- Green Technology
- Information Technology
- Life Sciences
- New Materials

## 2. Partnership and Project Requirements

The project partners must meet the following requirements:

- The consortium must involve at least one company from Singapore and one company from Shenzhen, independent from each other.
- Academic/research entities and additional companies are welcomed as additional cooperation partners according to each country's funding regulations.
- Academic/research entities and/or companies from other countries may also participate. However, EnterpriseSG will not fund these partners in this call.

The project proposals have to comply with the following guidelines:

- The project should focus on the development of new products, services or processes of industrial application leading to commercialisation in the domestic and/or global markets.
- The project should have an obvious advantage and differentiated value proposition resulting from the cooperation between participants from the two countries (e.g. increased knowledge base, commercial leads, access to R&D infrastructure, new fields of application, etc.).
- The project should demonstrate a balanced technological contribution between the partners from both countries. Each partner should contribute no more than 70% of total project contribution, in terms of person months.
- The project partners should agree in advance on the IP rights and on the commercialisation strategy of the product and process.

Any partners whose joint R&D project is consistent with the aforesaid criteria can apply to the current call for proposals in accordance with the national laws, rules, regulations and procedures in effect.

### **3. Eligibility Criteria**

#### **3.1 For Singapore Companies**

The Singapore partner must meet the following criteria to apply:

- a. Be a business entity that is registered and physically present in Singapore
- b.  $\geq 30\%$  local equity held directly or indirectly by Singaporean(s) / Singapore PR(s), determined by the ultimate individual ownership and;
- c. Be financially able to see the project through to completion.

Projects will be supported on a reimbursement basis, where successful applicants may receive up to 70% of total qualifying project costs.

## 4. Submission Guidelines

### 4.1 For Singapore Companies

To apply for the call, interested Singapore companies should:

- a. Submit your request to Enterprise Singapore via this link: <https://go.gov.sg/cip-shenzhen-prelim-assessment> **as soon as possible, before 16 June 2023**. Thereafter, Enterprise Singapore will be in touch to inform on the application process.
- b. Complete the application via Business Grant Portal using your unique link as advised by Enterprise Singapore. The application along with the following supporting documents must be submitted by **30 June 2023, 2359 hrs (SGT, GMT +8)**, to be considered for funding.

You need to prepare the following supporting documents for the application:

- i. Latest ACRA business profile (retrieved within six months from application date)
- ii. Latest and previous two years audited financial statements or official management account
- iii. Relevant key quotations (e.g., equipment & software, materials & consumables, professional services)
- iv. Signed MOU, LOI or collaboration agreement.

### 4.2 For Shenzhen Companies

Interested Shenzhen companies may refer to [SZSTIC's website](#) for the call document or contact SZSTIC for information regarding eligibility criteria and application process for Shenzhen companies.

## 5. Evaluation of Project Proposals

All applications are assessed against the eligibility criteria of the call before being put forward for the national assessment according to the national evaluation criteria.

EnterpriseSG and SZSTIC will carry out independent national assessments and will select the eligible projects to be financially supported in accordance with their national laws and regulations. Only projects that are selected and approved by both EnterpriseSG and SZSTIC will receive funding support under this call.

## 6. Announcement of Approved Projects

Both Shenzhen and Singapore partners whose projects have been selected will be informed of the results and the amount of funding for the successful projects by their respective funding agencies.
