ZANE's mission is to provide high-quality natural solutions for all to enjoy, and maintain a healthy and active lifestyle. It believes that nature is the best healer and that is why its products are based on natural ingredients for maximum purity and efficacy.

ZANE has produced ZANE Finest Cordyceps packed with not only the goodness of nature, but at 6 times the concentration of Adenosine and Cordycepin. Thanks to the higher levels of Adenosine and Cordycepin content, consumers can enjoy a boost to their immune system, increasing the body's own natural resistance to external factors. Conveniently packed in individual sachet, ZANE Finest Cordyceps contains pure Cordyceps militaris. It has been tested in Singapore and is within limits of microbial and toxic heavy metal. For optimal efficacy, ZANE Finest Cordyceps can be taken after opening the inner bag in the sachet, brewed as a tea or added to porridge or soup to enjoy. **ZANE Finest Cordyceps is Halal certified by MUIS Singapore.**
